

# UNITED HEARTS

Arkansas Heart Hospital is proud to introduce United Hearts, a community initiative to uplift and diversify our healthcare community. United Hearts provides support to internationally-trained nurses in obtaining recognition of their nursing licenses as well as employment opportunity upon successful completion.

## OUR PROGRAM FACILITATES:

- Recognition of international nursing licenses in partnership with CGFNS
- English proficiency exam aid
- Preparation and financial support for NCLEX (National Council Licensure Examination) certification

Our commitment continues with mentorship from our tenured team members throughout your journey, stable employment at Arkansas Heart as well as endless growth opportunities with professional development to further your skills and passion.

This approach ensures that nurses receive guidance in understanding and navigating the process of having international credentials recognized locally. And, successful candidates are assured a nursing position at Arkansas Heart Hospital.

## ELIGIBILITY:

- Arkansas resident with valid work permit
- Nursing degree from a recognized foreign institution
- Understanding of English and willingness to take proficiency classes
- Commitment for employment at Arkansas Heart upon successful completion

*"I'm grateful Arkansas Heart Hospital helped me return to my passion of caring for patients. Their support allowed me to obtain my nursing license in Arkansas and secure a better future for myself and my family."*
